

ACCELERATE

GLOBAL SERVICES

SUPPLY | PROCUREMENT | PROJECT MANAGEMENT

Practical solutions. Coordinated delivery.

Accelerate Global Services (Pty) Ltd supports clients nationally through supply, procurement and project coordination, with global manufacturer relationships and ambitions for international expansion.

CORE CAPABILITIES

Supply & delivery

Cleaning supplies; mechanical and electrical components; construction materials; IT infrastructure; general consumables and business supplies.

Procurement

Local and international manufacturer sourcing, quotation coordination and clearing-agent assistance for import/export requirements.

Project management

Scope and milestone planning, supplier and logistics coordination, progress communication and close-out support.

OUR APPROACH

1. Understand your specification, quantities, delivery location and required date.
2. Coordinate sourcing and agree the commercial and delivery scope.
3. Fulfil against the confirmed requirements and coordinate handover.

SELECTED CLIENT EXPERIENCE

Transnet | City of Johannesburg | Johannesburg Roads Agency | Eskom
Department of Health | Govan Mbeki Municipality | Pharaoh Motors

Client names identify organisations we have worked with and do not imply endorsement. Scope, availability and lead times are confirmed per quotation. Supporting company and compliance information is shared directly for verification.
